

Secure your Collaboration on Cloud

Petros Livanios
Technology Advisory Lead

We hear from our customers

Get best-of-breed protection and productivity

Deliver simple solutions, designed to work together

Catch what others miss & Protect everything

Cut costs and eliminate redundant solutions

Cloud empowers to do more with less

-
- Helps every organization to deliver any digital imperative with less effort
 - Provides differentiated value wherever their infrastructure is operating (Cloud or Hybrid)
 - Offers one solution for all services that helps IT leaders to save cost

Microsoft 365

60%+
savings

1
solution

Secure collaboration

Devices
that meet specific
job requirements

Surface + OEM

Operating system
that's secure,
easy to manage,
update, and use

Windows 11 Enterprise

Security
that defends
against cyberattacks
across multiple platforms

Azure Active Directory
Microsoft Defender for Endpoint
Microsoft Purview Information Protection

Management
that is built for a
heterogenous device estate,
including personal devices

Microsoft Intune
Windows Autopatch
Universal Print

Collaboration
that connects every
employee
across all devices

Microsoft Teams
Microsoft 365 Apps

Eliminate redundant solutions

Zero Trust foundations

Simplified endpoint management

Productivity and collaboration

Steps to enable secure collaboration

Zero Trust foundations

Secure & manage identities

Defend against threats on multi-platforms

Protect sensitive information across data estate

Simplified endpoint management

Improve support and reduce incidents

Deploy any endpoint from the cloud

Deliver the best experience with Windows

Productivity and collaboration

Get everyone connected and working together

Enable new patterns of work

Engage and empower your employees

Zero Trust is foundational to great security

Secure & manage identities

Defend against threats on multi platforms

Protect sensitive information across data estate
